PRESIDENT'S CORNER**

**1ST MEET
REV. GARRE**

Welcome back! Hope you all had a pleasant
year despite the atrocious weather. We are
for another exciting year of meetings which
outline elsewhere. Now to the business
Club. We are losing Mohan
officers at our September call for the
town as President but am willing
board. We are losing Librarian and
ved ably as our Vice President. Bill
ise to the Board and had
nizing of the Club. He

WEDNESDAY, SEPTEMBER 23RD

Welcome to the 92/93 Season of the Lot
Woodworkers' Club. After a busy summe
with fall around the corner, we hope yo
eagerly awaiting to venture into your shop al
make some sawdust. The Board of Directors has
been busy arranging a fall schedule we think you
will really enjoy. We have many new and exciting
programs and special events planned. So let
ret down to the details.

MEETING OF THE SEASON

peaker - Rev. Gar
r who for ye
h the

techniques he has found useful. Plan to be there to see samples of this fine craftsman's work.

ELECTIONS: At the September meeting we will vote on several positions open on the Board. We encourage anyone interested in helping to better the Club, give serious consideration to running for office. Working on the Board can be a very rewarding experience, it's a chance to meet and work with very talented and friendly people. The work and number of meetings are not excessive. So why not put your name in for nomination and help make your Club grow. Please contact John DeFilippi or Brian Hayward to place your name on the ballot. The positions open are: President, Vice President and Board Member-at-Large. Names currently in nomination are: Bob Wessmiller for President; Brian Hayward for Vice President and Gordon Hope for Member-at-Large.

COMMITTEES: As the Club grows we continue to try to offer more programs and services which results in a great need for help. We need people willing to work on specific short term projects such as planning the "Toys for Tots Program", or special Saturday seminars. If you are willing, please contact Bob Wessmiller or Brian Hayward. Help is sorely needed and would be greatly appreciated.

DUES: September is the beginning of a new year for the Club and we will be collecting dues at the first meeting. As Brian mentioned, John DeFilippi, our Club Secretary, has footed the bill for postage of our newsletter since the Club's inception. We owe him a special thanks - through his generosity that the Club did not have to pay that bill while it struggled during infancy. With postage now in excess of \$300 a year, this is no longer feasible. Therefore, after careful consideration by the Board, we have decided to raise the dues to \$15.00. The funds will be allocated as follows: \$10.00 for dues and \$5.00 for preparation and mailing of the monthly newsletter. We hope that you will agree that with the variety of guest speakers, special events, Christmas party and annual barbecue, the price is a real bargain. We hope everyone will continue their membership. Should any member be unemployed and find the increase a strain, please see Brian or Bob.

RAFFLE: Remember Bob Howard's discussion on building miniature woodworking tools? Now Bob is handcrafting full size pieces. This month we will raffle a beautiful brass and ebony handled square with tolerances of 1/100th of an inch. The square retails for \$35. Get to the meeting early and take a chance or two. Chances are \$1.00 each.

SPECIAL EVENTS: An all Day Seminar in the NJ workshop of Frank Klausz - Saturday, November 7th. For those who spent a couple of hours with Frank at our February meeting, you know why I consider him one of the premier cabinetmakers in this country. Here is a rare chance to visit the shop of an expert. A person who builds furniture for the Nixon's, Kennedy's and Forbes'. A third generation craftsman who loves to share his knowledge. The cost - \$30 for full day workshop - coffee and donuts in the morning - pizza and soda for lunch. We will arrange car pools rather than hire a bus. Sign up at September meeting as seating is limited to 25.

UPCOMING MONTHLY MEETINGS:

Oct: Sal Marino - Keeping Your Tools Sharp

Nov: A look at "The Latest Advances in Power Tools"
